

Thuraya SatSleeve+ 

Thuraya SatSleeve Hotspot

# Thuraya SatSleeve

## It's Your World. Your Phone. Your Call.

The perfect blend of mobility and simplicity, the Thuraya SatSleeve+ and SatSleeve Hotspot are the simplest and fastest way to transform your phone into a satellite smartphone.

These support the communication needs of all smartphone users - from frequent travelers and adventurous explorers to corporate and NGO users.

In our new models, the sound is routed through the smartphone, allowing users to talk directly on it. This gives customers the option of using the smartphone either docked or undocked from the SatSleeve providing further accessibility and ease of use.

## It's your choice

### Thuraya SatSleeve+

Make satellite calls directly from your smartphone. Experience better sound quality during your calls than ever before and switch between various smartphones by using the universal adaptor.

### Thuraya SatSleeve Hotspot

Created for customers preferring to use their smartphone separated from the satellite unit. With the SatSleeve Hotspot, you have the range and the room to move while you make calls, use email, send messages, or enjoy your favorite social media apps in the comfort of being in an indoor location while the hotspot is outside and facing the satellite.

# Features

## Calls and Text Messages in Satellite Mode

Use your smartphone in satellite mode when there is no terrestrial network available to call and send text messages using your existing list of contacts.

## Email On-the-Go

Send and receive emails from wherever you are.

## Apps

Access your apps while you're on the move – Social Media, Instant Messaging, information apps and many more.

## Easy-to-Use

Simply connect your smartphone via Wi-Fi to the satellite unit and stay connected.

## Compatibility

The SatSleeve Hotspot App is available as a free download from the App Store or from Google Play. Our app is available in 12 languages.

## Enhanced Safety Features

Both units come with a programmable SOS call button that works even if the smartphone isn't connected. The SOS button will make an outgoing call to a predefined number set by the user.

## A World of Choices

Thuraya's reliable and uninterrupted satellite network enables you to stay connected via satellite mode anywhere under its coverage area across Europe, Africa, Asia and Australia. Thuraya SatSleeve+ and Thuraya SatSleeve Hotspot work either with a Thuraya SIM card or with a GSM SIM card from any of the 360+ Thuraya roaming partners worldwide.
